**Name of the officer and rank.**—Shri Brij Nandan Singh, Constable No. 3576, Calcutta Police.

**Statement of services for which the decoration has been awarded.**—On the afternoon of the 13th January, 1954 a lunatic ran amuck in a crowded street in the city of Calcutta and started stabbing pedestrians with a dagger. In a very short time he had seriously injured six persons, two of whom expired in the roadway. When Constable Brij Nandan Singh, who was on duty there, realised what was happening, he tackled the assailant with a lathi but the madman attacked him and stabbed him seriously in the back. The Constable, however, continued the struggle and succeeded in bringing the madman down when members of the public came forward and assisted in apprehending him. The injured persons were taken to hospital where another died the next day.

Constable Brij Nandan Singh showed exemplary courage and devotion to duty in tackling the armed madman single-handed and his action undoubtedly saved the lives of others.

**No. 9-C.P.I.(110)/56.**—The Government of India have received the Administration Report of the Port of Calcutta for the year 1955-56. The noteworthy features of the Report are the following:—

## (1) Financial Results

The revenue receipts of the Port Commissioners for the year under review were Rs. 9,96,93,011 as against Rs. 8,82,52,047 in the previous year.

The expenditure for the year amounted to Rs. 9,34,41,109 as compared to Rs. 9,21,48,705 in the previous year. The year ended with a surplus of Rs. 62,51,902.

The balance in the Revenue Reserve Fund as on the 31st March 1956, amounted to Rs. 4.24 crores. The Fire Insurance Fund had a closing balance of Rs. 65.79 lakhs on the 31st March 1956 and the balance in the Vessels Replacement Fund on that date amounted to Rs. 115.68 lakhs.

During the year under review the Port Commissioners raised a 4 per cent 30 year loan of Rs. 90 lakhs and obtained from Government two loans aggregating to Rs. 2 crores carrying interest at 4½ per cent and repayable in 23 equated annual instalments of principal and interest after an interest-free period of seven years for meeting the expenditure on development projects covered by the first Five-Year Plan.

## (2) Traffic

The total tonnage of imports and exports which passed through the Port during the year was, imports 3,409,062, and exports 4,621,673, as against the corresponding import and export figures of 3,240,436 and 4,573,377 respectively, in the year 1954-55. There was thus an increase of 2,16,922 tons or about 2.78 per cent in the total trade passing through the Port as compared with the previous year. The average rate of discharge or loading per ship per day in the case of both import and export cargo showed an appreciable improvement over the corresponding figure for the previous year.

The tonnages of the imports and exports of some of the important commodities handled during the years 1954-55 and 1955-56 are given below:—

Commodities	1954-55		1955-56	
	Imports Tons	Exports Tons	Imports Tons	Exports Tons

## (3) Shipping

The number of vessels that entered the Port during the year was 1,285 against 1,317 in the previous year and the total gross tonnage decreased from 8,097,700

to 8,092,143. The deepest draft ship to enter the Port during the year was the S. S. "Janeta" drawing 26'-4" forward and 26'-4" aft, and the deepest draft ship to leave the Port was the S.S. "Chakdina" drawing 27'-9" forward and 27'-10" aft

In the Port Approaches, the Balari Bar controlled the draft of ships for 354 days as against 279 days during the previous year. The Eastern Gut was the controlling bar for 11 days as against 29 days during the previous year and the Ninan Reach for 1 day as against 12 days during the previous year. The controlling bars were thus above Diamond Harbour for 12 days as against 86 days during 1954-55 and 137 days during 1953-54.

The important development under this head during the year is the development of the Rangafalla Channel for day navigation following the shoaling of the Balari bar. A scheme for lighting up the channel to permit night navigation was sanctioned.

The drafts allotted to shipping during the year were satisfactory. The deterioration of the Balari bar to some extent affected the overall improved draft position of the previous years but the opening up of the new route via Rangafalla channel has proved beneficial to shipping visiting the port.

#### (4) Hooghly Pilotage

The income from Pilotage during the year was Rs. 30,26,075 and the expenditure Rs. 29,10,570 showing a surplus of Rs. 1,15,505. A sum of Rs. 1 lakh was appropriated to the Revenue Reserve Fund (Pilotage).
